Drive Fast: Hold The Steering Wheel Properly | Speed Secrets

You must be precise and consistent, all the while driving so fast you can. The skills you learn and practice here; smooth transitions, enhanced braking, and skid classes separate cars by performance, based on the stock parameters, like a day of autocrossing is far safer for both car and driver than most people's daily.

Terry Heick (Author of Toyota MR2 Performance HP)

At the end of the braking zone, release the brakes slowly and smoothly. The sooner acceleration begins, the greater the speed maintained throughout the entire sequence. Besides practicing on your daily commute, you can also autocross.
