Can the internet solve the problem of mass education, and bring human beings to a new level of community? For example, a customer service agent would have their own scorecard on how to satisfy customers.

Retention is one of the most important performance indicators in your business. Ultimately this process leads towards becoming a more customer-centric brand. The popular genre has always celebrated a certain kind of stoic, blue-collar masculinity, but the tune appears to be changing. These are explained in the following section.

Would they even remember that they had bought yours in the past? Overtime, retention is one of the most important performance indicators in your business.
