This is a dense but fascinating book. Feb 26, Eric rated it it was amazing Shelves: businessnon-fictionscience. It was during that time that he was technically dead.

Dec24, Steve rated it it was amazing. FriendReviews. May 10, Sumit The Breakthrough it really liked it. Though I had to reread the hard science parts several times, it's the first time I've actually got a real picture of what we know about how the immune system works, and how cancer outwits it. Not so much, as it turns .

That's the book in a couple lines. We use cookies to enhance your visit. We can't fail to see ourselves, our friends and our families in these stories.
