On small farms, the two-horse plow remained dominant until or when horses began to give way to tractors. Verkoop door bol. Return to Book Page. Most men smoked, and they bought cans of tobacco and rolled their own cigarettes. Productivity on American farms has increased tenfold, even as most small farmers and tenants have been forced to find other work. At least 90 percent of the population had some tie to agriculture, even if only also had to be contained by a fence to protect them from automobiles and to prevent hens from secreting their eggs and they needed a dry place to roost the coop or chicken house and straw-lined boxes for their eggs. Two of these families had sunk to the lowest possible level, both economically and socially.
